ART ZONE TUTORIAL 5 OF 9

Pen

Exact shapes, node by node

Best for: Straight edges and smooth curves you control

The art zone is where the AI puts the engraving art.
Paint it, and the Fabricator fills only that area.

STEP 3 OF 4

Click the first node to close

The shape closes and becomes art zone. Enter or a double-click does the same.

Shift+Enter, or COMMIT EXCLUDE, cuts the shape out instead.
